tect your assets!**

Auto Recyclers Trade Show and Environmental Conference

Saturday--November 20, 2004

Manchester School of Technology--Manchester, N.H.

**8:30 a.m. Registration & Continental Breakfast
Vendor Booths & Exhibit Area Opens**

**9:00 - 10:00 a.m. Conference Opens --- Welcome
N.H. Green Yards Program Update**

10:00 - 10:30 a.m. BREAK --- Visit Vendor Booths & Exhibits

10:30 - 11:30 a.m. Concurrent Sessions (*Attend One*)

MtBE & Clean-Up Funds

What is MtBE? How does it get into our drinking water? How can auto recyclers become eligible for state funds for cleaning it up? Oil pollution professionals will answer these and other questions.

Used Oil Removal & Recycling

Used oil experts from DES will explain the regulations in plain English. Plus, Joe Issertell from W.E.N. Industries will showcase equipment designed to help solve your used oil problems.

Surviving a DES Inspection

Concerned about your next DES inspection? Sooner or later, it's going to happen. Hear seven sins from a seasoned DES complaint investigator, plus get pollution prevention pointers from other DES insiders.

11:30 a.m. - 12:30 p.m. LUNCH --- Visit Vendor Booths & Exhibits

12:30 - 1:30 p.m. Concurrent Sessions (*Attend One*)

Removing Air Bag Units & Other Explosive Devices

Dismantling newer cars is risky business. Learn about the hazards and safety precautions from expert safety trainer Peter Hayes. See hands-on demonstrations that will help protect you and your employees.

Becoming a Certified N.H. Green Yard

Soon, auto recyclers will be expected to certify in writing to DES that their yards are in compliance with environmental requirements. Attend this session to learn more about the self-certification process and how to survive it.

Solid Waste? Hazardous Waste? Universal Waste?

What are these things? How are you supposed to tell them apart? And, what in the world are you supposed to do with them...practically and legally? Waste specialists will answer these questions and more.

1:30 - 2:00 p.m. BREAK --- Visit Vendor Booths & Exhibits

2:00 - 3:00 p.m. Concurrent Sessions (*Attend One*)

MtBE & Clean-Up Funds (Repeat Session)

What is MtBE? How does it get into our drinking water? How can auto recyclers become eligible for state funds for cleaning it up? Oil pollution professionals will answer these and other questions.

Computer Equipment

Learn how new computer equipment can improve your business and increase your profits. Computer suppliers for the auto recycling industry will show you some of the tools of the trade and talk to you about getting your business onto the information highway.

Small Quantity Generator (SQG) Certification Issues

What the heck is an "SQG"? Do you need to certify compliance with hazardous waste generator rules? A DES hazardous waste specialist will explain the new SQG certification requirement and give you cost saving ideas for meeting the requirements.

3:00 - 3:30 p.m. BREAK --- Visit Vendor Booths & Exhibits

3:30 - 4:30 p.m. Round Table Discussion with a Panel of Industry Leaders

Panel Includes: George Eliades, Executive V.P., National Auto Recyclers Association; Bob Miville, Aable Auto Parts, Chelsea, Maine; Mark Brown, Brown's Auto Salvage, Bomoseen, Vermont; Bob Phelps, N.H. Auto & Truck Recyclers Association & Central N.H. Sales, Concord, New Hampshire

Topic 1: The Future of Auto Recycling --- *Where do we go from here?*

Topic 2: Yankee Ingenuity --- *Share your inventions & ideas for working smarter!*

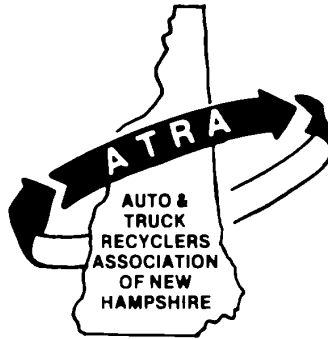

4:30 - 5:00 p.m. --- Time to head home! --- Stop by the vendor booths & exhibits on your way!
